

## Sanplast - We create Pure Pleasure of bathing in each bathroom area

Are you planning a showering area, or maybe bathing place? Do you need a comfortable washing place? Bathtubs, shower enclosures, shower trays, washbasins, hydromassage systems SANPLAST brands perfectly match any bathroom area. And this is possible regardless of whether you are a fun of long bathing or pure showering pleasure. Beautiful, classical and excellent with the quality Sanplast brand products are the perfect choice for each bathrooms.

Additional accessories for shower enclosures, shower trays and bathtubs provide a functional complement to Sanplast products. The offered bathtub handles guarantee safety in case of going in and out of the bathtub. Comfortable headrests make bathing more pleasant.

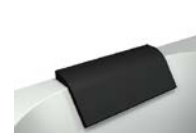

Accessories designed for shower enclosures provide additional functionality:

- shower enclosure brackets help create a corner Walk-In construction with needed dimensions,
- minimalist railing or shelf version allows you to have your showering items within reach,
- the water squeegee keeps the shower enclosure clean,

Product accessories are created to give pure bathing and showering pleasure.
